Industry Demand for Data and Information Management Solutions Fuels CommVault's Revenue Growth

OCEANPORT, N.J., Aug 29, 2007 (BUSINESS WIRE) --

CommVault(R) (NASDAQ:CVLT) today announced that it has been named to Deloitte's prestigious Technology Fast 50 Program for New Jersey, a ranking of the 50 fastest growing technology, media, telecommunications and life sciences companies in New Jersey by Deloitte & Touche USA LLP, one of the nation's leading professional services organizations. Rankings are based on the percentage revenue growth over five fiscal years from 2002-2006.

CommVault's president and CEO, Bob Hammer credits the growing need for cost effective data and information management solutions with the company's 255 percent revenue growth from fiscal years 2002-2006. CommVault's Simpana(TM) software suite helps our customers reduce the complexity of managing data today and addresses the industry need for cost-effective compliance and disaster recovery solutions."

To qualify for the New Jersey Technology Fast 50, companies must have had operating revenues of at least \$50,000 in 2002 and \$5,000,000 in 2006, be headquartered in New Jersey, and be a company that owns proprietary technology or proprietary intellectual property that contributes to a significant portion of the company's operating revenues; or devotes a significant proportion of revenues to the research and development of technology.

"Deloitte's New Jersey Technology Fast 50 companies have shown the strength, vision and tenacity to succeed in today's very competitive technology environment," said Paul Mlynaski, Partner, Deloitte Tax LLP in New Jersey. "We applaud the successes of CommVault and acknowledge it as one of the very few to accomplish such a fast growth rate over the past five years."

Companies from the 16 regional Technology Fast 50 programs in the United States and Canada are automatically entered in Deloitte's Technology Fast 500 program, which ranks North America's top 500 fastest growing technology, media, telecommunications and life sciences companies.
