News Facts

- **Who:** CommVault's Simon Taylor, senior director for information management, will present at the 56th annual [ARMA International Conference](#) taking place Oct. 17-19, 2011 at the Gaylord National Hotel and Conference Center in Washington, D.C.
- **What:** "Retaining and Accessing Big Data for Compliance with Intelligent Information Management"

Taylor will describe the various stages in an organization's journey to intelligent information management. The session will highlight the role of modern and adaptable strategies to record keeping for managing retention lifecycle without introducing IT complexities and additional costs. Specific examples will be used to highlight how a unified technology can be used to streamline IT costs and provide a single pane of glass approach to accessing and managing the retention of big data and information records.

- **When:** Tuesday, Oct. 18, 2011, 12:15 p.m. - 1:00 p.m. EDT
- **Where:** Gaylord National Hotel and Conference Center, Exposition Hall, Room 1044
- CommVault® Simpana® 9 enables intelligent information management and helps organizations reduce the time, cost and risks associated with [archiving](#), [retention management](#), [eDiscovery](#) and [compliance](#).
