# CommVault to Discuss Analytics and Data Management at iHT2 Health IT Summit

October 25, 2011

OCEANPORT, N.J., Oct. 25, 2011 /PRNewswire via COMTEX/ --

[CommVault](#) (NASDAQ: CVLT) - Advances in [healthcare](#) IT have allowed healthcare organizations to collect more information than ever before. But fixing the problem of lack of information has led to another - information overload. How can technology executives and healthcare providers effectively and economically deal with information overload without creating more problems within the enterprise? CommVault will provide insight and direction on [data management](#) on a panel at the iHT2 Health IT Summit taking place Nov. 2-3, 2011 at the Sofitel Los Angeles in Beverly Hills, Calif.

**News Facts**

- **Who:** Jay Savaiano, director of business development for healthcare vertical at CommVault, will speak on a panel at iHT2 Health IT Summit
- **What:** "Analytics and Data Management: Now That Health IT Has Created a Tsunami of Information, How Do We Manage IT?"

The panel will address the many opportunities that healthcare IT presents, as well as the associated challenges. Hear how organizations are not only managing their [health information](#) effectively but how it is driving their top line business strategy.

- **When:** Thursday, Nov. 3, 2011, 1:00 p.m. - 2:00 p.m. PDT
- **Where**: Sofitel Los Angeles, Beverly Hills, Calif.
- [CommVault® Simpana® 9](#) software gives healthcare providers the confidence that their critical systems and information are protected by unifying and automating policies and processes across multiple modalities, clinical, operational and [virtual](#) environments. By simplifying operations and reducing IT overhead, healthcare providers can instead focus on improving the quality of patient care, driving down costs and complying with regulations governing the security and availability of patient data.
