

Commvault To Host A Cloud Customer And Partner Panel Discussion On March 30th Via Webcast

March 24, 2016

TINTON FALLS, N.J., March 24, 2016 /PRNewswire/ -- [Commvault](#) (NASDAQ: CVLT), a global leader in enterprise data protection and information management, today announced it will host a cloud webinar on Wednesday, March 30, 2016 at 10:00 a.m. Eastern Time / 7:00 a.m. Pacific Time. The webinar will consist of a question and answer session with Commvault customers and a channel partner, who will discuss data management customer use cases in cloud deployments, and how those are supported by Commvault. Don Foster, Senior Director, Solutions Marketing & Technical Alliances at Commvault, will be the moderator for the call.

Details for the webcast are as follows:

- Event Title: Commvault Cloud Webinar
- Event Date: 3/30/2016
- Event Time: 10:00 a.m. - 11:00 a.m. (Eastern Time)
- Webcast Info: <https://event.webcasts.com/starthere.jsp?ei=1098266>

For dial-in details, please contact Investor Relations at 732-728-5380 or ir@commvault.com.

The live webcast and replay will be hosted under "Investor Events" located under the "Investor Relations" section of www.commvault.com. An archived webcast of this conference call will also be available following the call.

About the Commvault Data Platform and Solutions Portfolio

The eleventh version of Commvault's solutions portfolio is uniquely positioned to help customers activate their data by accelerating the transformation from legacy data management to a modern data environment to unlock critical business insight and drive new value from customers' technology investments. The Commvault solutions portfolio is comprised of an industry-leading product offering in the areas of data protection and recovery, cloud, virtualization, archive, and file sync and share that addresses evolving market trends, growth areas, and customer use cases. The Commvault Data Platform is open and standards-based, helping customers better leverage data, improve IT operations, and enabling 3rd party innovation.

About Commvault

Commvault is a leading provider of data protection and information management solutions, helping companies worldwide activate their data to drive more value and business insight and to transform modern data environments. With solutions and services delivered directly and through a worldwide network of partners and service providers, Commvault solutions comprise one of the industry's leading portfolios in data protection and recovery, cloud, virtualization, archive, file sync and share. Commvault has earned accolades from customers and third party influencers for its technology vision, innovation, and execution as an independent and trusted expert. Without the distraction of a hardware business or other business agenda, Commvault's sole focus on data management has led to adoption by companies of all sizes, in all industries, and for solutions deployed on premise, across mobile platforms, to and from the cloud, and provided as-a-service. Commvault employs more than 2,000 highly skilled individuals across markets worldwide, is publicly traded on NASDAQ (CVLT), and is headquartered in Tinton Falls, New Jersey in the United States.
